

BEAM Alliance

Simple Smart Screen

The BEAM Alliance Simple Smart Screen lets you know your system is running smoothly and alerts you when it is time to empty the dirt receptacle.

BEAM Alliance Interface

The Alliance monitoring system communicates with the LED interface of the hose handle to keep you informed about the system level performance while vacuuming. The advanced fingertip controls adjust suction and turn the entire system on/off with the push of a button.

3-in-1 Cleaning Tool

The right tool is always at hand with the 3-in-1 cleaning tool clipped securely to the telescopic wand. It easily converts from a dusting brush to crevice tool or a fabric tool.

Quick Clean Valve

Opens easily with one touch. The Quick Clean Valve is great for quick clean-ups around the power unit with no need to install additional inlet valves.

Press & Release Bucket

Simply press down on any two points around the ring and pull down to empty bucket. The bucket easily lifts into place with one hand.

Self Cleaning Filter

The exclusive BEAM Self Cleaning Filter with GORE-TEX™ technology filters 98% of particles down to 0.3 microns, without the need to ever buy a separate filter bag. The BEAM Self Cleaning Filter protects the high-efficiency motor for prolonged product life, superior suction and performance over time.

600SA

This space-saving yet powerful central vacuum system combines the same high performance cleaning with convenient features as the 650B and is ideal for townhomes and smaller spaces.

15 Year Warranty

BEAM Alliance

BEAM Alliance is the latest innovation in our 55-year history of developing Gold Standard central vacuum systems that lead the industry and delight our customers. In addition, we are proud to announce that in 2013, BEAM Central Vacuums was rated No.1 in the “Quality” and “Brand Specified Most” categories by *Builder Magazine*, was the recipient of PlusX Award for Best Product of the Year 2013 and winner of the Parent Tested, Parent Approved Award.

When you want the best, you want a BEAM.

600SA

Model:	600SA
