

# BEAM Alliance

## HEPA Filtration

Don't give your allergies a chance. BEAM's HEPA filtration system protects your family from the three types of indoor air pollution by filtering out 99.97% of particulate matter measuring 0.3 micron in size and larger. Say good-bye to dust, pollen, pet dander and the sneezing they cause!

## Advanced Smart Screen

The BEAM Alliance Advanced Smart Screen is interactive and keeps you informed about your system's performance with a motion detecting LCD screen that illuminates to provide status information such as motor speed, suction level and when to empty the dirt receptacle.

## BEAM Alliance Interface

The Alliance monitoring system communicates with the LED interface of the hose handle to keep you informed about the system level performance while vacuuming. The advanced fingertip controls adjust suction and turn the entire system on/off with the push of a button.

## Quick Clean Valve

Opens easily with one touch. The Quick Clean Valve is great for quick clean-ups around the power unit with no need to install additional inlet valves.

## Press & Release Bucket

Simply press down on any two points around the ring and pull down to empty bucket. The bucket easily lifts into place with one hand.

## Self Cleaning Filter

The exclusive BEAM Self Cleaning Filter with GORE™ technology filters 98% of particles down to 0.3 microns, without the need to ever buy a separate filter bag. The BEAM Self Cleaning Filter protects the high-efficiency motor for prolonged product life, superior suction and performance over time.

# 700TC

HEPA air filtration makes this our top-of-the-line central vacuum system for homeowners who require the highest level of indoor air quality. Intelligently designed to combine ultimate cleaning power with convenience, quiet and Interactive Smart Screen technology, the 700TC is the new Gold Standard in central vacuum performance.

# BEAM Alliance

BEAM Alliance is the latest innovation in our 55-year history of developing Gold Standard central vacuum systems that lead the industry and delight our customers. In addition, we are proud to announce that in 2013, BEAM Central Vacuums was rated No.1 in the “Quality” and “Brand Specified Most” categories by *Builder Magazine*, was the recipient of PlusX Award for Best Product of the Year 2013 and winner of the Parent Tested, Parent Approved Award.

When you want the best, you want a BEAM.

# 700TC

<b>Model:</b>	700TC
Airwatts	700
Square Footage	Up to 13,000
Airflow (CFM)	107
Waterlift (in)	146
Motor	HE Flow-Thru
Voltage	120 V
Size (w x h)	15 in X 43 in
<b>Features:</b>	
Sound Suppression	68 dB
Press & Release Bucket	4 gal
Quick Clean Valve	Powered
Filtration	Self Cleaning Gore-TEX™ Filter
Muffler	HEPA
<b>Smart Screen:</b>	
Advanced	
System On Indicator	Yes
LED Backlit & Ring	Yes
Motion Sensor	Yes
Empty Bucket Icon	Yes
Performance Bars	Yes
Hose Link Icon	Yes
Navigation Buttons	Yes
